SERVICE BEFORE SELF : VISIT TO JARGA VILLAGE

In a society where a large section of women are still underprivileged, SKV Sankalp is determined to reach out to one such section of rural women in Jarga.

A group of five students, along with Mrs Radha Khanka, visited Jarga on July 4, 2018. This time, instead of assembling at the Primary School in the village, where we generally gather for the distribution of sanitary napkins manufactured by SKV students, we thought of doing it differently.

We made up our minds to reach every teenaged girl and woman of Jarga and felt the best way to do so was to go door to door spreading the message of menstrual hygiene and distribute the sanitary napkins.

What amazed us was that the men of the village were very supportive and encouraged us to meet their daughter and women-folk. The efforts of Sankalp Project have now borne fruit and we have been able to bring awareness regarding menstrual hygiene among the inhabitants of Jarga. We look forward to such visits every month and ensure the sustainability of this project.

HUNGARY EXCHANGE PROGRAMME' 18

It all starts somewhere. You pack your suitcase, you say goodbye, you forget at least 3 things that are important, and you get on a plane... to fly away from what you have known as home your whole life. My exchange began with a country tour of Hungary and I visited Pecs, Papa, Tihany, Szeged And Budapest. I was accompanied by students from Daly College, Shishukung International School, Emerald Heights And Rajkumar College, Rajkot. After

these 10 tiring days of excursion I met my host family. I was placed with the greatest host family in the whole world. They treated me like their own and they were like real family in another part of the world. I had a host mom, a host dad, a brother and sister. I went to a school and attended English, Physical Education, Informatics and Arts Lessons .My city was the most active chapter according to AFS Hungary because most of the trainees and volunteers were from my school. They'd organized activities like bench painting, hand painting, and interview on India. I got to taste a lot of Hungarian food and langos was definitely one of my favourites. Student

exchange is the opportunity to do and see things you could have never dreamed of. Gaining a second family, new friends and become a local in another culture was absolutely amazing. It was a journey of self-discovery and personal growth filled with unforgettable memories.
