ENABLING A SENSE OF HUMANITY IN TIMES OF NEED AND SCARCITY

COVID-19 has been a difficult time for all of us, but as we all know, it has affected certain sections of the society more than the others. As a measure to reach out to destitute children in our area, we have

developed a small - scale distribution system of our own. Here are a few pictures; we didn't click more because we felt it was rude. Hope you are safely staying at home.

A SERVICE INITIATIVE

On the 28th of May,
the world observed World
Menstrual Hygiene Day,

to highlight the importance of good
menstrual hygiene management and
challenge the stigma that surrounds it.

If you'd like to contribute
towards better menstrual
hygiene practices, become a
part of the Sankalp Initiative.

Take the SKV Sankalp, today.

Help underprivileged women live with pride by sponsoring hygienic menstrual alternatives to cloth and sand, as not every woman can afford sanitary napkins every month.

Sponsor a year's supply of sanitary napkins at ₹450.

Be a part of the initiative, however big or small!
